9-10 October 2024, Hungary

CALL FOR PRESENTATIONS

The Council of Internet Service Providers (ISZT) and ISZT Nonprofit Ltd., the registrar and operator of .HU domains, announce Hungary's second NOG conference.

The first Hungarian technical conference dedicated to Internet networking, HUNOG_2023 hosted more than 160 participants, 24 renowned Hungarian and foreign experts gave presentations and 20 sponsors supported the event.

The in-person event will be held in Hungary, 9-10 October 2024 at the Flow Hotel & Conference**** in Inarcs, 20 kms from Budapest.

Participate at HUNOG if you are: an Internet network operator, network builder, Internet service provider, domain registrar, server operator, or simply interested in IT.

The organizers: The Scientific Association of Internet Service Providers (ISZT) is the professional association of internet service providers. The organization, which operates in the form of an association, performs self-regulatory and interest-representation activities. It unites more than 50 internet service providers, from the smallest to the largest. ISZT operates BIX (Budapest Internet Exchange), a provider-neutral internet exchange that serves the interest of the whole internet community, and together with SZTAKI, it operates Hun-CERT.

ISZT Nonprofit Ltd., 100% owned by ISZT, is the registrar and manager of domain names belonging to the top-level .HU domain name, and the operator of the related technical infrastructure.
